SPAAR SPAM Friends, Rockets, Food - Oh the food!

SPAAR SPAM Sport Launch November 4 2001

Perfect tailgating weather greeted us on November 4 for SPAARSPAM, our annual eata-thon and rocket launch. Like I've said many times, I think that this club knows how to do two things really well – eat and fly rockets. I'm just not sure in which order they are. But, that's what makes it so much fun, right?

Even though there was a bit of a breeze, a total of 60 flights were made, with only three little problems, but more on that later. Once again, Tom ha and Gregg Martell filled the sky with lumber, flying their big Edmonds gliders on Estes D and E motors. Very cool.

Steve Hutchinson flew a model on a G80 that flew great and looked vaguely familiar, but I just couldn't place it. Only later, when I was going over the Flight Cards, did I figure out what it was. He calls it the "Lonyx" – a stretched LOC

Onyx – get it, "Lonyx"? Very, very cool.

LeRoy Bonawitz flew the Estes Silver Comet that he has painted like s Cheshire cat on the new Estes E9 motors. Perfect motor for that model. Rick Hackman flew another golden oldie, the Tiger Shark, a 2-stage design from the 1960's. On two B motors, that thing really lit outta here. Great flight. Pete flew an Estes Bryson Defender on a D12 - and a rocket-eating tree gobbled it up. Mike Brubaker was a bit luckier - he dropped his Launch Pad Martin-Pescador on the school roof - the MIDDLE School roof!! It has since been recovered. Mark Beever finally got to fly his new Mercury Redstone, twice in fact, on C6 motors. Nice flights both times. The old man had a nice flight on his Estes Maxi Honest John, but made up for it with a very realistic flight with his Launch Pad AGM-114 Hellfire. But, as Bruce Canino commented, it did get nice mission points. Mark Kamide made a real

nice, if somewhat exciting flight with his beautiful Estes Mercury Atlas ["this thing is screaming for an E!"]. Later, he flew his well-done scratch built 4" diameter Little Joe II. Nicholas Simon, senior and junior, made a number of good flights, among them an Estes Mean Machine on an E15 and an Estes/NCR Phantom 4000 on a G80.

Danny Camacci had some really cool flights with his Big daddy, Austin Roc, and V-2. He did take over first place in the 2001 Rocket Lok derby when his Pursuit hung up on the rod under power of an Aerotech G38, spewing clouds of black smoke. I really hope you don't feel bad, Danny – that kind of things has happened to us ALL!!!!

Tony Rossi was given an education on the CATO tendencies of the Estes D12. Nice fireworks display, but it really screws up the inside of your rocket!

Finally, a big thumbs-up to

CONTDOWN is the newsletter of S.P.A.A.R., the Southern Pennsylvania Area Association of Rocketry, NAR Section #503. COUNTDOWN is published 6 times a year for the benefit of S.P.A.A.R. club members. Any information contained in COUNTDOWN may be used as long as proper credit is given.

Please address all correspondence to:

S.P.A.A.R. P.O. Box 127 Reamstown PA 17567

Visit the S.P.A.A.R. website at: http://www.cyberia.com/pages/feveryear/index.htm

Continued from page 1

Dale Greene, Larry Gerlach, Rick Hackman, Maria Ha, LeRoy Bonawitz, and Tony Rossi. These folks did all of the range duty, allowing everyone else to fly rockets, or sit back, relax, and eat. Thanks, folks, you did more than your share!!!

CONTEST NEWS

The NARHAMS Section in Maryland has planned the following contests for 2002:

OPOSSUM-6 Open Meet,

April 13, 2002, Middletown, MD. Events:

B Super-Roc Duration, 1/44

B Super-Roc Duration, 1/4A Rocket Glider Duration, 1/2A Helicopter Duration, 1/2A Parachute Duration.

ECRM-29 Regional [East Coast Regional Meet], May 18-19, 2002, Middletown, MD. Events:
C Dual Eggloft Altitude, Plastic Model Conversion, 1/4A Rocket Glider Duration, Open Sport Landing.

Maryland Funny Meet, October 12, 2002, Middletor

October 12, 2002, Middleton, MD.

This will be an unofficial contest, open to anyone. There will be three divisions: Senior [19+], Junior [up to 18 years], and Beginner [anyone who has never competed in a NAR-

sanctioned competition, regardless of age]. Events:

A Super-Roc unDuration longest rocket to deploy a parachute wins. No duration timed, just model length. B unlikely Rocket Glider **Duration** – most unlikely rocket glider wins. Anything that looks like a glider will not even make it past check-in. C Barbie/GI Joe Parachute **Spot Landing** – Doll must be deployed separately from the rocket and descend via parachute. Distance is measured form the spot to the nose of the doll. Closest one

Oddroc Craftsmanship – Build your favorite oddroc, supply substantiation data, and be judged by secret ballot by other competitors. Oddrocs must have successful flight to qualify.

Editors Corner

I would like to thank George Beever for taking on the newsletter editor's role as of the first of this year. Producing the Countdown has been a fun task to do and it could have not been possible for me to do without the support of you and especially George. George has in the past done the

Page 4 COUNTDOWN

SPAAR Sport Launch October 14 2001

How can we describe the conditions on October 14? Windy. Cold. Threat of rain. In other words, perfect SPAAR weather!!

We had the chance to witness a couple of "firsts". The first flight powered by one of the "new" Estes E motors – Larry Gerlach's Broadsword on an E9 was pretty neat. And, the first time an LCO was almost taken out by a counter-balance, when John Yost was almost waffled by the nuts & bolts used as a counter weight on Mark Kamide's Mono-1 monocopter. (*I thought it was a an LCO spot landing contest? editor*) The model did have two pretty neat flights, however. You can check them out at http://rcw.dyndns.org/spaar/,

on that same sight is some video of the Simon's Death Star flight. Thanks Tony!! And thanks to all of the SPAAR members who set up the range, took their turns doing range duty, and then took everything apart again when the flying was over. Without your work, we wouldn't have a club!!

courtesy of Tony Rossi. Also

editor's job with great style and the Countdown will be in very capable hands with him at the masthead again. Please send George your articles of interest for inclusion the Countdown.

So for now, so long and thanks for all the fish.

Mark Kamide

Section Meeting Minutes

October 26, 2001

Present: M. Kamide, J. Yost, N. Simon x 2, T. Ha, L. Gerlach, G. Martell, T. Rossi, G & R Feveryear, D. Greene, G. Beever.

Dale Greene called the meeting to order at 7:08PM and called for committee reports:

Newsletter: Mark Kamide stated, "we just had one", and then detailed some changes for next year.

Section Advisor: Glenn Feveryear reported that the NAR section charter would soon be renewed.

Competition: Glenn reported on the Steel City Smoke Trails meet, held over the weekend of October 20/21. Also, the NOVAAR Section will hold a meet on November 3, and

plans are proceeding for RAMTEC next year.

Treasurer: Larry Gerlach reported that we have a balance of \$1,198.00, and his transmission is working just fine, thank you.

Old Business:

The secondary set of launch equipment that is to be built was discussed. John Yost asked for input on certain features that the members want; Mark Kamide has the old launcher heads – they will be refurbished for the back-up set.

Tony Rossi reported back to the club on a subject that we discussed at the September meeting, that being trying to familiarize members with the responsibilities of the Range Safety Officer [RSO] and the Launch Control Officer [LCO]. Tony had two handouts - the NAR training program for HPR range duties, as well as a checklist that he'd developed for use at the SPAAR range, After discussion, he was asked to add a reference to checking the flyers name tags when they are at check-in. The checklist was then accepted and will be used at launches.

New Business:

Dale Greene reported that

he has received the NAR Section survey.

Tom Ha reported that the SPAAR Family Dinner will be held on Saturday, January 19, 2002, at 6:00PM at the Clearview Diner in Elizabethtown. For details contact Tom or Maria at rocketha@netscape.net, or 717-486-4922. Rita Feveryear made a motion, second by Gregg Martell, to authorize the expenditure of \$100 for door prizes. Motion passed.

The proposed 2002 club schedule was discussed and adopted. Discussion was held on workshops and family trips. Aberdeen Proving Ground and Wallops Island were discussed, but it was found that both visitors' centers are closed until further notice due to the national emergency situation resulting from the September 11 attacks. Larry Gerlach passed out some information on a space related program that will be held at the North Museum in Lancaster that might be of interest.

Dale Greene reminded those present that nominations for club offices will be taken at the next meeting, November 16.

Meeting adjourned at 9:05PM.

Page 6 COUNTDOWN

Section Meeting Minutes

November 16, 2001

Present: M. Kamide, N. Simon X 2, L. Gerlach, R. Hackman, M. Brubaker, D. Greene, J. Yost, G. Beever

President Greene called the meeting to order at 7:10PM and called for committee reports:

Treasurer: Larry Gerlach reported that currently have a balance of \$1,243.00, of which \$100 has been allocated for door prizes for the Family Dinner in January.

Section Advisor: No Report

Competition: No Report

Newsletter: Mark Kamide reported that the next issue would be out at the end of December. After that, please forward submissions to George Beever.

Old Business: John Yost reported that he has begun work on the back-up launch system. The controller box that we still have from the work a former member did can be used with several modifications.

Mike Brubaker asked about the club information brochure that Gregg Martell was working on. Gregg will be asked to complete his revisions, and Mark Kamide volunteered to include them in with the other club equipment, so that they will be available to give to prospective members at launches.

Larry Gerlach has continued to investigate a winter field trip to the North Museum's planned exhibit on rocketry and space travel. We will decide on the exact date for this trip at the December meeting. Dr. Simon volunteered to check with Aberdeen Proving Ground in Maryland about the possibility of a trip there.

New Business: Larry Gerlach reported that he has procured the use of the Apria Community Room for our meetings in 2002.

George Beever asked that at least \$60 in cash be made available to cover the cost of the pizza at the December meeting. He will take care of drinks at plates.

Mike Brubaker donated several ceramic tiles with holes drilled in them for use as replacement blast deflectors.

The condition of the oldest table that we use on the range was discussed. It is believed that this was the original portable table invented by Leonardo De

Vinci. Motion by Beever, second by everyone, to authorize Dale Greene to purchase a replacement. Discussion ensued on a maximum amount; Dale then launched into another Sears Infomercial, and everyone lost interest.

Nominations: Nominations for club officers for 2002 were taken from the floor, as per the club By-Laws. The following persons will appear on the ballot:

Section Advisor: Glenn Feveryear, Tony Rossi

<u>President:</u> Dale Greene, Gregg Martell

<u>Vice-President</u>: **Dr. Nicholas Simon, Tony Rossi**

<u>Secretary/Treasurer:</u> Larry Gerlach

Member-at-Large: Mike Brubaker, Gregg Martell

Ballots will be mailed to all members, to be counted at the December meeting.

The meeting adjourned at 8:40PM.

ROCKETS OVER GETTYSBURG

For the second straight year, SPAAR held a demonstration rocket launch as part of the National Park Service's "50's Weekend". In 2000, we were approached by the NPS to take part in these festivities, held on the farm where President Dwight D. Eisenhower and his wife Mamie lived in retirement after his two terms in the White House. Since Ike's presidency spanned the 1950's, the NPS asked us to highlight the dawn of the "Space Age", which began in 1957 with the launch of Sputnik 1 by the USSR.

In 2000, we were only able to help out on Saturday, but this year, thanks to some hard work by the Hutchinson and Ha families, SPAAR was on center stage all weekend. Between the 2 days, 104 flights were made, with Ivan Barnsley making an incredible 49 flights himself! A number of models representing the beginning of space flight were flown: V-2, Juno-1, Vanguard, Atlas-Score, Sputnik, Thor Agena, and Mercury Redstone. The entire power range of model rocketry was flown, from 1/4A motors up G's.

It takes a lot of coordination of effort to put on a launch of this magnitude, so far from "home". Our thanks go out to Steve Hutchinson and his family, Tom and Maria Ha, and everyone else who made SPAAR proud this weekend.

Flight logs are located on pages 8 and 9 for this launch - Editor

SPAARSPAM Reciper Croner

Someone (George, I think) requested my wife's recipe for her pesto chicken which we brought to SPAARSPAM, so I said i would submit it for the newsletter. Maybe an open request to all club members to send their SPAARSPAM recipes for the newsletter - this would

fill some space in the newsletter.

Gregg

CREAMY PESTO CHICKEN AND BOW TIES

3 cups uncooked bow tie pasta

2 tablespoons butter or margarine

1 pound boneless chicken breasts, cubed

1 can (10 3/4 oz) cream of chicken soup

1/2 cup pesto sauce

1/2 cup milk

Cook pasta according to package directions. Drain. Meanwhile, heat butter in skillet. Add chicen and cook until browned, stirring often.

Add soup, pesto sauce and milk. Heat to a boil. Cook over low heat 5 minutes or until done. Stir in pasta and heat through. Makes 4 servings.

Please think about joining the NAR in the upcomming year.

NASA Panel Endorses Scaling Back the ISS

20 December 2001

CAPE CANAVERAL, Fla.

The NASA Advisory Council is endorsing the idea of scaling back the international space station program, saying the huge cost overruns ``cannot be excused and must not be ignored. Despite the technical successes in orbit, "the viability of the entire international human spaceflight enterprise is being undermined by a loss of confidence in NASA's ability to exercise adequate management and cost discipline," the council's chairman Charles Kennel. wrote in a letter to NASA dated Wednesday. The NASA Advisory Council is a standing body of experts that offers guidance to the space agency. Last month, an independent task force on space station's budget problems suggested that NASA reduce the station work force and number of shuttle flights and reorganize station management to get costs under control, overruns are in the billions: NASA has yet to determine exactly how many billions. Kennel said the management deficiencies identified by the task force must be resolved and will require major restructuring.

The advisory council recommended that NASA focus for the next two years on a reduced space station, big enough for just three residents. That is how many people are living up there now. No commitments to expand the space station should be made until NASA has regained public confidence, the council added. A lifeboat and living quarters necessary to accommodate six or seven astronauts already have been shelved by NASA, at the Bush administration's insistence. The advisory council suggested that NASA continue to fund such components over the next two years, just in case the nation decides to move forward with plans for a bigger and better space station. The council also said NASA has failed to make its scientific priorities clear and should do so ``Given immediately. this lack of clarity," Kennel wrote," it is not surprising that there is little public understanding of why the United States is building" the station. NASA said it will have no comment until senior managers have a chance to study the recommendations fully. The Senate has yet to confirm Sean O'Keefe, deputy White House budget director, as NASA's next

administrator. Daniel Goldin stepped down in November.

Senate Confirms O'Keefe as NASA Administrator

22 December 2001

WASHINGTON -- The U.S. Senate confirmed the new of America's space program. The Senate late Thursday confirmed Sean O'Keefe as administrator of the National Aeronautics and Administration.

'Keefe served as Navy secretary for Bush's father and gained a reputation for budget cutting while working at the

Pentagon in the early 1990s under then-Defense Dick Cheney. He's been the deputy director of the White House Office of Management and Budget since March.
