

SECTION MEETING MINUTES

May 17, 2002

Present: J. Yost, Glenn & Daniel Feveryear, L. Gerlach, M. Kamide, G. Beever, D. Greene.

Dale Greene, President, called the meeting to order at 7:15PM and called for committee reports.

1. Treasurer: Larry Gerlach reported a balance of \$571.67, not counting the \$600 forwarded for RAMTEC expenses; reported that he has contacted Ephrata National bank to have the monthly statements sent to his home address; the total number of members stands at 61; expired memberships are Craig Myers and Brian Royer.

2. Section Advisor: Glenn Feveryear reported that the NAR Team America Challenge will be flown in Manassas, VA, in April 2003.

3. Competition: Glenn reported that the NARHAMS Regional, ECRM, will be flown May 8/9 in Middletown, MD; provided an update on preparations for RAMTEC.

4. Newsletter: The newsletter editor reported on something, but it was so inconsequential that even he couldn't remember what it was.

Old Business: John Yost updated his work on the new launch system; Dale updated everyone on the Eisenhower launch preparations.

New Business: Nothing of interest, except that during the meeting, Glenn called his daughter Rene on her cell phone, who was in a shopping mall in Belair, MD like any normal 17-year old, and asked her to pick up some new micro-clips for the launch system from the Radio Shack store there. Ain't modern technology cool?

Meeting adjourned at 8:45PM.
